

SEPTEMBER BEER CLUB

FEATURING

EAST END BREWING CO. – PITTSBURGH, PA

MONKEY BOY HEFEWEIZEN

5.0% ABV

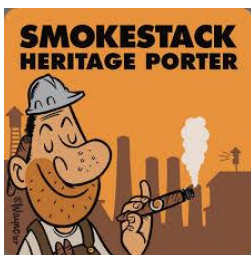

We've come up with the perfect way to enjoy a bright sparkling taste of summer, no matter what the season may be. This hefeweizen carries a distinct banana ester profile, and crisp finish. No bananas were harmed or peeled in the brewing of this beer. It's just a little side benefit that our German yeast strain gives us.

BIG HOP IPA

5.8% ABV

Loads of Centennial and Cascade hops make this a truly American Ale, brewed to be nice and hoppy but not especially bitter. Balanced with a solid Munich Malt backbone. Our flagship beer, and by far our most popular overall.

SMOKESTACK HERITAGE PORTER

5.7% ABV

We often see this beer in the #1 spot on Beer Advocate in the Smoked Beer category, which is shocking given the infrequency and limited amount of this beer we make. But we'll take it! Usually bottled, but occasional draft.

Wednesday, Sept. 20th – 7:00PM

\$30/Person + Tax & Gratuity

Reservations Required
